

Dear 'our soon to be' Year 6 class,

We are looking forward to September and are already having that exciting feeling of welcoming a new class of Year 6 children. We have already began our preparations, writing your names on new exercise books and making you all a brand new locker label (we love that fresh start feeling). We hope that you are excited too because this year is going to be fabulous!

We know that things are looking a little different and we are taking it one week at a time but we can promise you some fun and interesting lessons, new topics to discover, lots of reinforcing what you've already learned, gaining an abundance of new knowledge as well as trying to unlock your hidden skills and talents. You might even teach us a thing or two! Once things get back to normal, we are hoping to go on some educational visits that link in with our topics.

Year 6 is usually known as the 'hard work/SATs year' but don't let this worry you. It is hard work but if you try your best, it will stand you in good stead for secondary school and for so many children, they actually say it's their favourite year at school. Being top of the school is amazing; everybody looks up to you. You will have lots of new responsibilities too. Head boy and head girl positions will be available as well as monitors and house captains, who will organise the celebration assembly. Everybody in the class will have a job to do, we will all work together and support each other.

As we can't do our normal transition morning with you, we thought we'd put this together so you can still share with us information that we would love to know. We have included a fact file on both of us so you can get to know us a bit more and we'd like you to do the same. You will find a template to complete or if you'd prefer you can create your own.

We have also included some home learning activities to get your brain in gear before we hit the ground running in September. Please complete these and bring them back to us when you return to school.

We can't wait to see all your smiling faces in September and become team Year 6. Until then, continue to work hard and stay safe.

See you soon,

Mrs Duffield & Mrs Peare x
